LAND REVENUE.

The Land Revenue is derived from the sale and rent of Lands, and the sale of Lands is regulated by the following General Order, No. CLXXI., dated 29th September, 1873 :—

RULES FOR THE SALE OF CROWN LANDS IN THE COLONY OF THE STRAITS SETTLEMENTS.

Unless otherwise ordered by the Governor for special reasons in any particular case, no land belonging to the Crown in the Colony of the Straits Settlements will, in future, be disposed of except under the following conditions :—

CLASSIFICATION OF LANDS.

Lands divided into Classes 1.—Lands at any time available for sale will be divided into the following Classes :—

- A. Building lots within the Municipal limits of the Towns.
- B. Lands intended for the cultivation of Tapioca, Gambier, and other exhausting produce.
- C. Lands intended for the cultivation of Paddy, or Grain of any sort, for Cocoanut, Sugarcane, Fruit, and Spice plantations, or for general garden land, and for building purposes in suburban districts.

SALE OF BUILDING LOTS—CLASS A.

Building lots.

2.—No lands under this Class may be sold without the express sanction of the Governor.

3.—Whenever it shall be determined upon by Government to dispose of any land under this Class, such land will be laid out by the Survey Department in suitable lots according to the situation of the ground and the probable requirements of intending purchasers.

4.—When such lots are duly surveyed and marked out, and the plan approved by the Governor, they will be advertised for sale by publication in the *Government Gazette*, and by hand-bills in the English and Native languages, posted upon the ground, and in other public localities.

5.—Such advertisement shall contain full particulars of the site, area, and nature of the land, of the conditions of sale, and the date at which such land will be exposed for sale, which, as a rule, shall not be less than one month after the first issue of the advertisement. When for any reason a sale is deferred from the date originally fixed, notice of the date to which it is deferred shall be published in like manner, with at least one week's notice.

6.—On the day of sale, the land is to be sold by public auction, to the highest bidder above the upset price, and if there be no bid above the upset price, and there has been an application for the land, it may be sold to the applicant at the upset price.

LAND REVENUE.

7.—The upset price will be fixed at a certain rate per square foot, and will be determined, in each case, with reference to the situation and relative value of the land.

8.—All such lands shall be sold on leases for 999 years, and shall be in all cases subject to an annual quit-rent.

9.—Such quit-rent shall be fixed in proportion to the size and position of the lots.

10.—The purchaser shall pay one-third of the purchase-money to the Land Office immediately after the sale, and the remainder on the issue of the lease, which will be granted within three months of the date of sale.

11.—If the purchaser shall fail to comply with the conditions of sale, the land will be resold at his expense and risk; and any part-payments which may have been made will be forfeited.

SALE OF WASTE LANDS—CLASSES B AND C.

12.—Applications for the purchase of land under Classes B and C must be made to the local head of the Land Office in each Settlement, and in every application the following particulars must be stated:—

1st.—The estimated area in acres of the land applied for.

2nd.—The situation of the land, and its boundaries as accurately as can be ascertained.

13.—As a rule, no greater extent of land than 100 acres will be granted to the same individual, but any person desirous of obtaining a greater quantity, or of increasing the size of his holding beyond this extent, may make a special application for the same, which will be submitted for the consideration of the Governor.

If, on completion of the survey provided for in Clause 15, it appears that the area of any lot not specially granted exceeds 100 acres, the excess will be excluded from the grant.

14.—Every lot must be compact, including no more than one tract of land in a "ring fence." This condition, however, will not be rigidly insisted upon, where, as in the case of small patches of jungle or hillocks interspersed among land already leased or settled upon, it is practically inapplicable. If the land touches a public road, or navigable river, the length of the road or river frontage will be fixed in each case by the Survey Department.

15.—If the local head of the Land Office is satisfied that the land may properly be sold, and it has not been surveyed, he will cause it to be surveyed, and boundaries demarcated; the cost of such survey and demarcation being first deposited by the applicant, together with the cost of clearing the boundaries, which will be estimated by the Land Office. If, at or before the time of survey, the applicant, shall himself clear the boundaries, the sum deposited by him for that purpose will be refunded.

16.—The cost of survey and demarcation will be according to the following scale:—

For the first 100 acres or any less quantity	\$0.40 per acre.	(1s. 8½d.)
" " next 150 " " above 100 acres	0.25 "	(1s. 0½d.)
" " " 250 " " " 250 "	0.20 "	(0s. 10½d.)
Any quantity above 500 acres	0.15 "	(0s. 7½d.)
No fee shall be less than	4.00	(17s. 0d.)

The cost of simple demarcation will be calculated at 20 cents per acre.

17.—If it appears that the applicant has not complied with the conditions in Clause 15, the Land Office may call for an amended application, and in the event of a revised application not being given in within 15 days, the application will be held to be cancelled, and any deposit made on its account will be returned, less the amount of expense actually incurred for survey and clearing boundaries.

18.—As a general rule, no lot not already surveyed is to be sold until it has been surveyed and demarcated. Such survey need only be in sufficient detail to ensure the ready identification of the boundaries of the lot, and to ascertain its area.

19.—Instances may occur in which it may be considered desirable to dispose of lands applied for as above when a survey may at the time be impracticable. The application, in such cases, must be accompanied by a distinct and intelligible specification of the situation and area of the land and the Survey Department will then prepare a rough plan, shewing the situation, the direction of the boundaries, the length, breadth, and estimated area, and any existing land-marks, natural or artificial, by which it can be identified when it comes to be surveyed, and in all cases the applicant must clear the boundaries before such land is sold to him.

LAND REVENUE.

20.—When the land has been surveyed and demarcated as provided for under Clause 17, or only demarcated as under Clause 18, it will be advertised for sale by publication in the *Government Gazette*, and by hand-bills in the English and Native languages, posted upon the ground, and in other public localities. The sum of \$1 (4s. 3d.) must be paid by the applicant at the time of application to meet the cost of such advertisement.

21.—Such advertisement shall contain full particulars of the position, area, and nature of the land to be sold, of the conditions of sale, and the date at which such land will be exposed for sale, which, as a rule, shall not be less than one month after the first issue of the advertisement. When for any reason a sale is deferred from the date originally fixed, notice of the date to which it is deferred shall be published in like manner, with at least one week's notice.

22.—On the day of sale the land shall be disposed of as in Clause 6, and care shall be taken at the time of selling, to proclaim publicly the conditions of sale, and all Government rights in reference to foreshores, roads, streams, canals, minerals, and materials for roads or other public works.

23.—In the event of the land being sold to a higher bidder on the day of sale, any sums advanced under Clause 15 or 19 will be refunded to the original applicant, and charged to the actual purchaser.

24.—Lands under Class B will be sold on leases for ten years at an upset price, and subject to an annual quit-rent. A renewal of the lease may be obtained for an additional ten years on payment of the same quit-rent as required by the original lease, and without any further premium.

25.—The upset price for such lands shall be \$1 (4s. 3d.) per acre at Singapore, Penang and Province Wellesley, and 50 cents (2s. 1½d.) per acre at Malacca.

26.—The quit-rent for such lands shall be 30 cents (1s. 3¼d.) per acre at Singapore and Penang, and 25 cents (1s. 0¼d.) per acre at Malacca and Province Wellesley.

27.—Lands under Class C at Singapore, Penang, and Province Wellesley, and building lots in suburban districts at Malacca, will be sold on leases for 999 years, at an upset price, and subject to an annual quit-rent. At Malacca such lands, except lots for building purposes as defined above, will be sold on leases for the same term, at an upset price, and subject to the customary payment of one-tenth part of the produce thereof to Government, such payment to be made in kind, or in the form of a sum of money fixed by Government in commutation of the payment in kind.

28.—The upset price for such lands, except lots for building purposes as defined in Clause 30, shall be \$1 (4s. 3d.) for every 10 acres, or any less area than 10 acres, at Singapore; and \$1 (4s. 3d.) for an acre, or any portion of an acre, at Penang, Province Wellesley, and Malacca.

29.—The quit-rent for such lands shall be 30 cents (1s. 3¼d.) per acre at Singapore and Province Wellesley, and 40 cents (1s. 8¼d.) per acre at Penang, and 40 cents (1s. 8¼d.) per acre for building lots, as defined above, at Malacca.

30.—In the case of lots for building purposes having a frontage on the sea, on any public road, or navigable river, the upset price shall be fixed, in each particular case, according to the relative value of the land at the time.

Some subsequent Regulations were laid down by the Governor in a Minute, in reference to the new lands of the Trans-Krian District in Province Wellesley, on 11th August, 1875, as follows:—

1. Until English titles are issued, an occupier of land cleared before the 13th July, 1874, will be deemed to have only the rights given to him by Malay law or custom, namely, the right of possession, as long as the land is cultivated, the customary taxes paid, and the customary services rendered, but no power to sell, assign, or mortgage.

2. To all persons who were in possession or occupation of cleared land on the 13th July, 1874, whose claim to the same is proved to the satisfaction of the Officer charged with the Settlement of the District, a lease for 999 years may be issued after survey. A rent of not less than 30 cents per acre will be reserved, and the usual condition respecting the right of Government to take soil, stone, and building materials, to reserve tenths on minerals, and to take land for roads, and other public purposes, paying compensation only for actual damage, will be inserted. Survey fees will be payable by the lessee.

3. Where there are more claimants than one to a piece of land, the Officer charged with the Settlement of the District is directed to inquire into the nature of the titles of the respective claimants, and to issue a certificate for the whole or part to such person as he may decide is justly entitled to it, such decision to be final. The certificate will entitle the person named therein to receive the lease mentioned in Rule 2.

4. Malay leases, &c., in the hands of cultivators must be taken simply for what they are worth, and not as conclusive evidence of title.

5. The claims of persons dispossessed during the late disturbances in Larut should be favorably considered.

6. No Malay document purporting to give the holder a title to uncleared or abandoned land will be recognised.

7. Persons in possession of land which the Settlement Officer may decide was uncleared or lying abandoned at the time of the cession of the district, and persons who have since entered on the occupation of forest lands, in anticipation of permit, with the permission of the Officer recently styled Assistant Government Agent of Province Wellesley, will be treated in the same manner as applicants for waste land hereafter.

AT MALACCA.

The question of land tenure here is on quite a separate footing, and was regulated by Act XVI. of 1839, and again by Act XXVI. of 1861. It is thus stated by Mr. C. J. IRVING, Auditor-General, who acted as Lieutenant-Governor of Malacca in 1870.

At the time of the cession of Malacca by the Dutch to the British Government in 1824, proprietary rights in the soil, which, according to the custom of all Malayan countries, are inherent in the State, were found to have been made over almost entirely to certain private individuals. In 1828 these rights were recovered in respect of the greater part of the lands by agreement with the proprietors, under which they parted with their rights in consideration of certain fixed annuities to be paid to them by the British Government. The annuities amounted in the first instance to \$7,729.22 per annum, but since then a portion of them has been redeemed, and at present the amount payable annually is \$4,153.00. In the district of Nanning, which was acquired after the war, in 1831 to 1833, the proprietary rights of the Government have never been alienated. With the exception, therefore, of lands in Malacca proper, in respect of which no agreement was entered into with the proprietors in 1828, and of some small portions of land of which the fee simple has since been sold, the Government is the proprietor of the soil of the Settlement; subject, however, in respect of certain lands, to rights enjoyed by the occupiers—holding their lands in some cases by prescription, and in some cases under agreements entered into with the Government.

Prescriptive-right tenants hold their lands subject only to the obligation of keeping them under cultivation and paying the Government one-tenth of the produce. Under Ordinance XI. of 1876, they are obliged to register their titles and can take out Leases and commute the tenths for a money payment.

All occupiers of lands not holding by prescription are now being required to take out Leases for their holdings; but, in the meantime, they are allowed to retain possession of their lands on payment of tenths in the manner described below. Leases are or have been granted on the following terms:—

1. Leases for 999 years—

Only three such Leases have been granted, in 1833 and 1864. They are granted at low or nominal rents to religious bodies.

2. Leases for 99 years—

Leases for this period have been granted for building lots in the neighbourhood of the town of Malacca.

LAND REVENUE.

3. Leases for 20 years—

This is the ordinary term for leases of country and suburban lands. In the case of lands bearing fruit or other valuable trees, the rent is based on an estimate of the average value of the tithes of the produce of such trees. In the case of all other lands the rent is fixed at the following rates:—

Within a radius of 2 miles from the Flagstaff of Malacca...	50 cents.	(2s. 1½d.)	per annum.
Between the 2 and the 4-mile radius	45 do.	(1s. 11d.)	„
Beyond the 4-mile radius	25 do.	(1s. 0½d.)	„

4. Leases for 10 years—

Leases for this period have been granted to persons desirous of cultivating tapioca. Tapioca is a crop of a very exhausting character, and after three crops without manure, the land is exhausted. Hence the planters are desirous of obtaining short Leases. There are two kinds of tapioca, viz., the white and the red. The white takes twelve months, and the red two years, to come to maturity. Three crops of the red variety, occupying a space of six years, may be stated as the outside of the profitable cultivation of tapioca on unmanured lands in Malacca.

5. Leases for 5 years—

Up to 1865, leases were granted in some cases for this short period. The last of them will expire at the end of 1870.

In all Leases, except those for 99 years, there is a stipulation for the payment to the Government of a royalty of one-tenth on all minerals raised on the land.

The occupiers of lands not held under Leases are required to pay to the Government one-tenth of the produce. The tenths are levied in the following manner:—

Tenths on Paddy.—At harvest time in each year, an Officer of the Land Department visits the several districts, and, in conjunction with Punghulus, or headmen, estimates the amount of the crops on the various lots. Statements are then prepared shewing the quantity of paddy to be furnished, as their tenths, by the different cultivators, which are given to the Punghulus, who collect the paddy accordingly.

Tenths on Sweet Toddy cut beyond four miles from Town.—These tenths are farmed out: the Farm for 1877 was let for \$273 (£58. 0s. 3d.) The practice in regard to this article in Malacca proper is for the Farmer to levy one cake in thirty of the jaggery or coarse sugar which is manufactured out of the Sweet Toddy. In the Nanning district one cake in ten is levied.

The following fees are fixed under Act XVI. of 1839:—

Service of Notice (arrears of rent)	...	\$0.50	(2s. 1½d.)
Attachment do.	...	1.00	(4s. 3d.)
Registration of Mutation of Title	...	2.00	(8s. 6d.)
Inspecting Registers of Grants and Mutations	...	0.50	(2s. 1½d.)
Granting Certified Extracts from Registers	...	1.00	(4s. 3d.)

In Malacca Fees for Registration are charged as under:—

For lands not exceeding the value of \$100	...	\$0.50	(2s. 1½d.)
„ exceeding \$100, but not exceeding \$500	...	1.00	(4s. 3d.)
„ exceeding \$500, ...	...	2.00	(8s. 6d.)

The total Land Revenue was in 1877 ... \$114,055.04 (£24,236. 13s. 11d.)

RENTS, EXCLUSIVE OF LAND.

Under this head are included the sum received for letting out certain Government Bungalows, Ferries, and Public Buildings, and the rent paid for the regular hire of certain houses belonging to Government.

L I C E N S E S .

Authorized by Excise Ordinance IV. of 1870.

Opium.—The exclusive privilege of retailing Opium, and of preparing Chandoo and Opium Dross, is farmed out yearly, or for a term of years.

Spirits.—This is a similar farm, and is the exclusive privilege of retailing Spirits. The two farms realize about \$965,892 (£205,252. 1s. 0d.).

Toddy and Bhang.—The exclusive privilege to retail these articles is also yearly farmed out, and realized a revenue of \$16,065 (£3,413. 16s. 3d.).

Pawnbrokers.—The privilege to license Pawnshops is regulated by Ordinance VII. of 1872. This Ordinance requires a Pawnbroker to take a license, paying a fee to be fixed by Government from time to time, and under certain rules.

For some years it has been the practice to farm out the right to license, and this yields \$47,040 (£9,996 0s. 0d.)

The following rules are observed with reference to Gunpowder Licenses, for which a fee of \$5 (£1. 1s. 3d.) each is charged :—

Under Ordinance VIII. of 1868.

Any person removing Gunpowder from a Gunpowder Hulk or Magazine to any vessel or place on shore, shall do so in properly covered boats, which shall be provided with sufficient tarpaulins ; and before removing Gunpowder in barrels from a boat to any place on shore, the barrels shall be covered with tarpaulins.

1.—Every licensed dealer in Gunpowder shall provide a Magazine, to be approved of by the Licensing Officer, wherein Gunpowder shall be kept, and shall keep the Magazine in such a place in his Store or Shop as shall be approved of by the Licensing Officer.

2.—No licensed dealer shall receive or deliver, or take out from the Magazine at his Store or Shop, any Gunpowder before 6 A.M., or after 6 P.M.

3.—Every license to keep Gunpowder for sale under fifty pounds weight shall have endorsed on it a copy of these rules and a copy of Section 6 of the Gunpowder Ordinance, 1868.

Section 6 of Ordinance VIII. of 1868.

The Governor in Council may, from time to time, make such Rules as may seem to be required for the management and safety of Stores and Shops licensed under this Ordinance for the retail sale of Gunpowder, and for the breach of any such rules a penalty not exceeding fifty dollars may, on conviction, be levied against the licensed owners of such Stores or Shops, and their Sureties, and the License of any person so convicted may be cancelled.

Licenses for Public and Eating Houses under Indian Act III. of 1863.

This is a tax of \$1 (4s. 3d.) each charged by the Police on all Licenses for Beer Shops, Eating-houses, and Lodging-houses. Other charges are levied for the following classes of houses, but they are paid to the respective Farmers :—

Hotel of 1st Class	... The Spirit Farmer...	... \$96 (£20. 8s. 0d.) each.

OF EXPENDITURE, 1876, AND EXPENDITURE, 1877.

CAUSE OF INCREASE OR DECREASE.

^a Estimated, 1876, \$613,420; 1877, \$613,871.
 The increases and decreases in most of the Departments arose from short payments in one year and payment of arrears in the other, also from temporary vacancies and from salaries issued at lower rates than estimated for. The only actual increases were in the Secretariat (larger number of Cadets in 1877; Chief Chinese Interpreter paid at a higher rate of salary, and the employment of a second Chinese Interpreter); in the Public Works Department; in the Police Court and Court of Requests, Singapore (on the revival of the latter Court in Singapore); and in the Police Department, Penang: while two new Departments were added to the Establishment List, viz., Protector of Chinese at Singapore (\$1,913) and Immigration Department, Penang (\$4,151).

OF EXPENDITURE, 1876, AND EXPENDITURE, 1877.

CAUSE OF INCREASE OR DECREASE.

- a. Decrease principally to be ascribed to a payment in 1876 of \$14,406—arrears of pension from 1867,—and a payment in 1877 of \$2,388 pension from July, 1874.

- i. Increased Expenditure—Crew Rations for Lighthouse Schooner, \$710 in 1877—for Stores (New Lamps, &c., for Lighthouse) \$1,175; the expenditure in 1876 included \$2,000, balance cost of Lighthouse Schooner. Savings in other items, \$1,338.
- j. Increase—Fuel, \$722; other items, \$251. Decrease—Docking, \$2,907; Rations, \$143; and Ship's Stores, \$4,122.

- l. Increase—Passage of Officers from England, \$980; Land Department, \$759; Medical, \$1,600; Police, \$434. On the other hand there were large savings in other Departments.
- m. Increase due partly to unfavourable rates of exchange for remitting money to England, and partly to larger sums borrowed here and in England.
- n. Increase—principal items being Expense of Fire Commissions, \$3,290; Payment to Indian Government for Teak Timber handed over at the Transfer, \$4,210; Engine for Printing Office, \$988; Water Rate on Public Buildings, Penang, \$1,104.

By Ordinance No. IV. of 1867, Sections 2, 3 and 4, it is enacted—

2. From and after the day aforesaid (the 1st of April, 1867), the Dollar issued from Her Majesty's Mint at Hongkong, the Silver Dollar of Spain, Mexico, Peru, and Bolivia, and any other Silver Dollar to be specified from time to time by the Governor in Council, shall be the only legal tender in payment, or on account of any engagements whatever, except as is hereinafter mentioned, within this Colony and its Dependencies: provided that no Dollar shall be a legal tender unless it be of the same fineness and intrinsic value as the Hongkong Dollar, and be of not less than 415 grains Troy Weight, and be not injured or defaced.

3. From and after the day aforesaid such silver coins as may be issued from Her Majesty's Mint, or any branch thereof, representing some fractional part of such Dollars as last hereinbefore provided, shall be legal tender in payment, or on account, of any engagements within this Colony and its Dependencies for any sum not exceeding two Dollars.

4. From and after the day aforesaid, such copper or bronze coins as may now be current in this Colony and its Dependencies under Act No. VI. of 1847 of the Indian Legislature, as well as such copper or bronze coins as may be issued from Her Majesty's Mint or any branch thereof representing the cent or one-hundredth part, the half-cent or two-hundredth part and the quarter-cent or four-hundredth part of the dollar, shall be legal tender in payment, or on account, of any engagements within this Colony and its Dependencies for any sum not exceeding one Dollar.

By order of the Governor in Council under the above Section 2 of Ordinance No. IV. of 1867, dated the 10th January, 1874, it was ordered "that the American Trade Dollar and the Japanese Dollar (or Yen) shall, in addition to the Dollars specified in the above-mentioned Ordinance, be a legal tender in payment, or on account, of any engagements whatever within this Colony and its Dependencies."

The following particulars of the weight and fineness of dollars current in the East are taken from the Reports of Assays held at the Calcutta Mint on the 9th of October and the 13th November, 1873:—

Description of Coins.	Average Weight.	Average Touch.	Intrinsic Value:— Bar Silver (Touch 925) being 4s. 6d. per ounce.	
			If of Average Weight.	If weighing the minimum of 415 grains.
	Gr.		d.	d.
Hongkong Dollar of 1866 ...	417.97	901.00	45.802	45.476
Hongkong Dollar of 1868 ...				
Mexican Dollar, old ...	416.66	902. 6	45.739	45.556
Mexican Dollar, new ...	418.13	902. 8	45.910	45.567
Mexican Dollar, Eagle, 1873 ...	417.44	906.00	45.997	45.728
Japanese Dollar or Yen ...	417.10	900. 6	45.685	45.455
United States' Trade Dollar ...	420.04	900. 4	45.997	45.445

The last quotations in the London Market of "Mexican Dollars" in 1877 were 4s. 5d. per ounce. This gives the following as the London market value of such Dollars individually according to weight:—

	d.
If of 415 grains ...	45.823
" 416 " ...	45.933
" 417 " ...	46.043
" 418 " ...	46.154

The last quotations of Bar Silver, Touch 925, in 1877 were 4s. 6d. per ounce, and the cost of coinage at Her Majesty's Mint being estimated at about $\frac{1}{8}$ d. per ounce, it follows that Dollars of 900 Touch could have been coined in London at that date at the rate of $\frac{925}{900}$ 4s. 6d. + $\frac{1}{8}$ d. = 4s. 5d. per ounce (nearly), or for the coins individually according to weight:—

	d.
If of 415 grains ...	45.823
" 416 " ...	45.933
" 417 " ...	46.043
" 418 " ...	46.154
" 419 " ...	46.264
" 420 " ...	46.375

The rate of Exchange for the adjustment of Government accounts between England and the Colony is 4s. 3d.

COMMERCIAL WEIGHT.

16 Tahit...	1 Kati	=	1½ lbs. avoirdupois.
100 Kati...	1 Pikul	=	133½ lbs. "
3 Pikul	1 Bhara	=	400 lbs. "
40 Pikul	1 Koyan	=	5333½ lbs. "

NOTE.—The Kati of 1½ lbs. avoirdupois is known as the *Chinese Kati*. There is another weight, known as the Malay Kati, which was probably the original Standard, and which is still in partial use at Penang. The weight is that of 24 Spanish Dollars, or 9,984 grains. This gives 142.628 pounds as the weight of the Pikul, and 5,705.143 pounds as the weight of the Koyan. The Koyan, considered as a measure of capacity, is divided into 800 Gantang, and it is accordingly found that a *Malacca Gantang of Rice* weighs with a great degree of accuracy $705 \frac{143}{100} = 7.133$ pounds. Taking the *Gantang* at the dimensions given to it at Singapore and Penang, no relation can be established between the *Koyan of weight* and the *Koyan of capacity*. Under the Dutch Government at Malacca, the Pikul was reckoned equal to 125 pounds Amsterdam, or 136.1825 pounds avoirdupois.

GOLDSMITH'S WEIGHT.

MEASURES OF CAPACITY.

4 Pau	1 Chupah.
4 Chupah	1 Gantang.
10 Gantang	1 Parah.
16 Gantang	1 Nulleh.
10 Nulleh	1 Kuncha.
5 Kuncha	1 Koyan.
800 Gantang	1 Koyan.
20 Gantang of Rice	1 Bag.

NOTE.—The capacity of the Chupah is not uniform at the three Settlements. The variations are shewn in the following Statement:—

	Contents in Cubic Inches.	Weight of Contents in Distilled Water (Ounce Avoirdupois.)
Singapore Chupah ...	55.455	32

Malacca do. ...	62.386	36
English Quart ...	69.3185	40
French Litre ...	61.028	35.216

LONG MEASURE.

The Measure in use in the Settlements is the English Yard (termed the *Yella*) with its divisions and multiples, but the Native terms as shewn in the following table are still in use:—

4 Plumpap ...	1 Jangkal	=	9 inches.
2 Jangkal ...	1 Hasta	=	18 "
2 Hasta ...	1 Depa	=	72 "
2 Depa ...	1 Jemba	=	144 "
20 Jemba ...	1 Orlong	=	2,880 "

NOTE.—The equivalents in *inches* as above stated are what are now attributed to these terms, but originally the Jangkal had no more definite meaning than a *span*: the Hasta was the *length of the fore-arm*, and the Depa the stretch of the two arms.

SQUARE MEASURE.

Land is measured by the English acre with its divisions, but the Native terms are still in use as shewn in the following table:—

1 Square Jemba	=	144 square feet.
400 Square Jemba = 1 " Orlong	=	1½ acre (nearly.)
1 Lalong	=	2,400 square feet.
2½ Lalong	=	1 Square Orlong = 1½ acre (nearly.)

Granite.	The quarry is rented for £127. 10s. 0d. a year. The value of the stones quarried cannot be ascertained, but it is supposed that it is very little more than the rent paid to Government. Stone is quarried by the Municipality free of charge.	Nil.	3,215	It is supposed that about 85,000 tons of fish of all descriptions are taken yearly. There is no record kept of the various descriptions and quantity.	£52,500	There are no ships or large-sized craft employed in fishing at this Settlement. The native fishermen, who never venture far out, use only canoes and punts. The principal methods of fishing are by drag-nets, and stationary catch nets, fastened to stakes in deep water. Fishing is carried on solely for the purpose of meeting the demand for local consumption. A Tannery on an extensive scale has been opened by a Company (Limited) on premises, three miles from town, on Thomson's Road. Steam Rice Mills are being introduced here. Perseverance Estate, Gaylang, has an area of 950 acres, and is used for the cultivation of grasses and herbs producing Essential Oils—Citronella, Lemon Grass, Patchouly, Nutmeg, Mace, Pepper and Onum, Balsam Copaiva, and Mint.
